🛺 Important Notice & Consent Form

Disclosure of Risks and Helmet Self-Responsibility Consent Form (ご利用にあたっての大切なお知らせ) — please read before signing

Read · Tick · Sign before departure

This form summarises, in plain English, the safety-related parts of the official **Tuk-Tuk Rental Terms and Conditions** (レンタカー貸渡約款). If this form and the Terms differ, the Terms prevail, and the Japanese original of both prevails over any translation. Please ask our staff about anything that is unclear before you sign.

1. About the vehicle

- Open at the sides and front: **no doors, no airbags**, no other protective devices.
- A three-wheeler's centre of gravity means **sharp steering or hard braking can tip it over** more easily than a car.
- It is built to be driven **slowly**. You may drive anywhere in Japan, but **not on expressways or motorways**.
- Legally it is a **"regular car"**, not a motorcycle: no filtering between lanes, no motorcycle parking, and all car traffic rules apply. Drive on the **left**.
- If the vehicle is damaged, you pay a **customer charge of up to ¥50,000** (we hold your ¥20,000 deposit plus ¥30,000, confirm the repair cost, and refund any difference).

2. Helmet

We recommend that the driver wears a helmet. Helmets are lent **free of charge** on request.

☐ I will wear a helmet ☐ I will not wear a helmet

If you choose not to wear one, the Company is not liable for any aggravation of injury caused by not wearing a helmet, except where the Company is at fault.

3. Clothing and footwear

- No sandals, flip-flops or high heels — they interfere with the pedals.
- No long skirts or loose clothing that can catch when getting in or out.
- Please wear shoes and clothes you can move in freely.

4. Children under 6 (fill in only if applicable)

The vehicle has **no child, junior or baby seats**. If a child under 6 rides with you, you must understand and accept the following:

- The vehicle is open at the sides and front and has **nothing to protect a child** in a collision or rollover (no child seat, no airbag).
- A parent or guardian must **sit next to the child** and manage the child's safety on their own responsibility.
- Never let the child stand up or put any part of their body outside the vehicle while moving.

☐ I understand the above and agree to let a child under 6 ride.

Child's name: _____ Parent/guardian: _____

Relationship: _____ Signature: _____

Except where the Company is at fault, the Company is not liable for injury resulting from a breach of the above.

5. Rules you must follow while driving

Always obey Japanese traffic law. The following are **prohibited** because they lead to accidents:

- Driving after drinking any alcohol or taking drugs (**zero tolerance**)
- Driving without a valid license, or letting anyone not registered with us drive
- Using a phone or camera while driving
- Speeding, sudden starts, sharp turns, hard braking
- Parking where it is not allowed (no-parking zones, etc.)
- Driving on expressways / motorways, or outside the area we designate
- Driving near rivers, riverbeds, beaches or other water (risk of falling in)
- Carrying more than **4 people** including the driver
- Taking the vehicle outside Japan
- Smoking in the vehicle, including e-cigarettes (cleaning fee ¥30,000)
- Eating or drinking in the vehicle

You may be required to compensate for accidents or damage caused by breaking these rules — in full and without limit, since insurance does not cover them.

6. If something happens

Situation	First	Then
Accident	① Stop driving immediately. Call **110** (police) / **119** (ambulance) if anyone is hurt. ② Call us and follow our instructions.	③ Repairs only at a workshop we designate. ④ Cooperate with us and the insurer; submit documents. ⑤ **Never settle** with the other party without our consent.
Breakdown	① Stop driving and park somewhere safe.	② Call us and follow our instructions.
Theft / damage by others	① Report to the nearest police immediately.	② Call us and follow our instructions.

TukNori emergency line: **+81-80-4557-2444** (phone / WhatsApp / LINE).
The vehicle is insured: bodily injury & property damage unlimited, passengers ¥50 million per person.

7. Return

- Return to the **same base by the agreed time**. Overtime ¥3,000 per hour, rounded up.
- Returning anywhere else needs our prior consent and may cost extra.

8. Fuel

- Return with the **same fuel level as at pick-up** (full tank); if not full, a **¥3,000 refuelling fee** applies.
- Use only the fuel type we specify (**regular petrol / レギュラー**). Damage from the wrong fuel is at your cost.

9. Changes and cancellation

- Cancellation fees apply as in the Fee Schedule (free up to 7 days before · 30% · 50% · 100% same day).
- If check-in has not started within **1 hour** of your start time, it is treated as a same-day cancellation (100%).

10. Photos and videos on social media

Our staff may take photos or videos during your rental. May we use them in TukNori's advertising and on social media (Instagram, etc.)?

☐ **Yes**, you may use photos/videos of me ☐ **No**, please do not photograph or use my image

11. Security deposit and license (confirmation)

☐ I have paid the **security deposit of ¥20,000**, to be refunded on return if the vehicle, fuel and time are fine (overtime, fuel, cleaning or the ¥50,000 damage charge are deducted first). ☐ I have shown the **original** of my driver's license (Japanese / IDP 1949 Geneva + home license / foreign license + official Japanese translation) and my passport.

Agreement

I have read and understood the above and the Tuk-Tuk Rental Terms and Conditions, and I agree to them. I confirm that I am the driver, that I hold a license valid for driving in Japan, and that I have not consumed alcohol.

Date (YYYY / MM / DD): _____ Full name (as on license): _____

Nationality & passport no.: _____ Phone / WhatsApp / e-mail reachable today: _____

Hotel or address in Japan: _____ Signature: _____
